U.S. Ahead on Re

By Frank Carey

(Associated Press Science Writer)

WASHINGTON (AP)—The nature of the experiment described in Russia's spaceship announcement may mean the Soviets are not as far along as the Americans toward achieving manned space flight, a prominent government space scientist said Saturday.

Dr. John P. Hagen of the National Aeronautics and Space Administration and onetime director of the Vanguard program told the Associated Press:

"If you can believe their announce-

ment, they have not faced up to the most serious problem — how to solve the re-entry problem and recover man safely from orbit.

"We think that we (American scientists) understand how to do this and to do it well. It's not clear that the Russians do."

There was some speculation elsewhere meanwhile that the Russians may have a living man aboard the vehicle, and are using the "dummy spaceman" twist just to throw American scientists off while testing to see whether safe recovery could be achieved.

Opera stars Elisabeth Soederstroem, left, and Mildred Miller place the City Opera Association's Good Luck top hat on Giorgio Tozzi before he leaves here. This is the fourth consecutive year that the hat has been worn by opera stars in Oklahoma City.

Canadian Town Floods as Dam Bursts

FOLYET, Ontario (P)—The Ivanhoe River dam 12 miles north of here burst Sunday, sending a flood of water into this little community, 75 miles of Timmins.

No casualties were reported although the lands and forests department said the village of 650 persons was being evacuated as speedily as possible. Houses in parts of the town were reported half submerged. Others on higher ground were almost dry.

MARY JONES

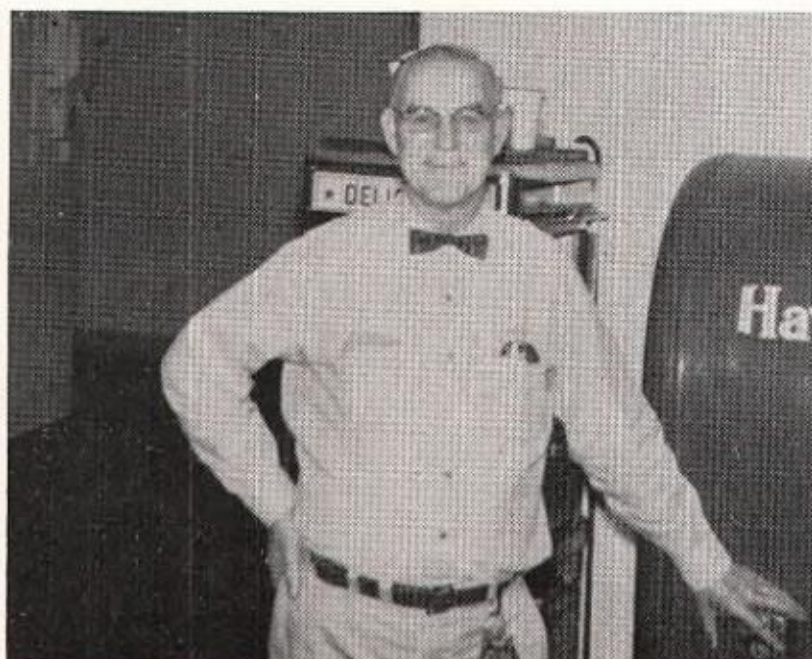

Because he has been patient with his students' problems; because he has always had a keen sense of humor; because he has strived to impart to his students an intelligent knowledge of the subject matter he taught as well as guidance toward a better life through honesty, patience, and hard work; and because he has served the schools of Oklahoma for 10 years and 5 years at Mulhall High School, the Annual Staff respectfully dedicate the 1960 Pirate to Mr. Roy C. Parkhurst, commerce and industrial arts teacher.

Five SS Students On OU Honor Roll

Five Sand Springs students have been named on the honor roll for the spring semester at the University of Oklahoma, Norman.

They are Charles Ed Buchner III, Marjorie Irene Buchner, John Douglas Hastie, Ruth Carolyn Kibbe and Harold Ray Paden.

To be eligible for the honor roll, a student must have an over-all B grade average in no less than 12 credit hours.

Sand Springs Residents Du

Sand Springs had 64 new residents during the month of June, the Chamber of Commerce reported this week.

The Chamber list is based on new meter connections shown by Public Service, Oklahoma Natural Gas and the Municipal Water Board.

The new residents:

Eva Owens, 203 Wilson; H. M. Ratliff, west of Buford; Robert Cox, 6900 Sand Springs Rd.; R. J. Robbins, 1112 Garfield; Paul Land, 1011 Wilson; W. 1st; Robert

Activities

Mulhall Pirates

The 1958-59 Pirates could rightly be rated as one of the best teams produced by Mulhall High School, a statement qualified by its outstanding record of 24 wins and 5 losses, losing 4 of these games by two or three points. As capable as they may have been, not a single player stood out as being more outstanding. It was a team of young men able to defeat almost any high school team on a particular night.

Much credit to the winning ways during the 1958-59 season was the good bench strength. It was not uncommon to see the reserves play almost half of the ball game and still beat their opponents by twenty to thirty points.

It was gratifying to win the 89'ers Conference as well as the conference tournament, adding these trophies to those acquired by the superb teams of Mulhall High in the past.

The 1959-60 season is looked on with expectation as four returning lettermen will be on hand, led by Terry Blaney and Gary Fent who were starters from the 1958-59 team. However, the loss by graduation of such outstanding players as Jerry Uhrig, Kermit Redman, Glen Raupe, Harold Gorrell, Buck Spaulding, and Paul Williams will be sorely felt.

Mulhall Pirates

The 1958-59 basketball team had a problem of rebuilding, having one forward and one guard returning from the first team of the previous year. Fortunately, several capable lettermen returned. The team was strengthened by changing Linda Hopfer from guard to forward, to have a starting team of Ramona, Jan, and Linda as forwards, Syble, Ina, and Jo as guards.

There were several high points of the season: defeating Morrison, Sumner, and Red Rock who were all rated highly in the state, and nearly winning the district, losing to Red Rock a team we had beaten early in the season.

The girls are to be congratulated on their team, and school spirit. Even though the 1958-59 season was to be considered as a "rebuilding" year, they never lost their desire to win, and finished with a record of 15 wins and 12 losses, with 5 of those losses being by one to three points.

The 1959-60 team will miss such capable graduating seniors as Jan Lasater, Ina Heppler, Syble Shafer, and Carolyn Mills. However, several of the lettermen will be returning next year, assisted by another very good group of Freshmen, assuring a banner year for 1959-60.

Mulhall Pirates

They were not expected to be too successful. Known throughout the league as a two-man ball club, this team, without rebounding strength, outside shooting, or good balance, took a little defense, a little ability, and the desire to win and won with each man contributing in his own way to the total team effort and team success. No finer tribute can be made than to say: "They hung in tough." Because this slang phrase sums up an attitude of determination and hustle that characterizes this club. You might say we started six men: Terry, Gary, Kenny, Lloyd, Bill, and desire to win.

Fitz

Fent

Blaney

Smitty

Mulhall Pirettes

1959-60 has been a successful year for our girls team. In seeking reasons for this success, we could mention individuals who have turned in sparkling performances, field shot percentages or ability. All this was there. We could mention high scorers, fast guards, and capable reserves. We had these and they are important. The key, however, to the success we have had, the thing which causes this team to stand out must be attributed to the team spirit every girl has shown; the subordination of individual feelings, individual honors and individual importance to team effort and team importance. In years to come we will not remember the score, the wins and losses or the pattern. The warm fellowship, however, the mutual effort of teammate who have shared in a common struggle will live on continually young in our recollection.
